

IN-KIND INFORMATION

This is what we need from each center concerning in-kind:

1. Budgets from each center that shows what funds they are receiving from Smart Start (WCPFC); what funds you are receiving from the State (NC Pre-K), and grants, etc.
2. Each center would only need to do this for 2 specific months and then we will average everything together to come up with the amount per month to claim (one month between July-December and one month between January-June).
3. Centers cannot include expenses that are funded with State funds. They are costs that have to be incurred as a direct result of the NC Pre-K program and be necessary and reasonable for the proper and efficient accomplishment of the program.
4. Each center needs to provide and describe in the contractual agreement each year the program planning budget.
5. According to Smart Start and legislation, this should be the most efficient way to determine centers in-kind contributions.
6. Centers using in-kind that does not qualify will be made notified.
7. In-kind should be 19% of the funding you receive from us over a 12 month period (i.e. if you receive \$25,000 of subsidy from us, then you are required to have least \$4,750.00 worth of in-kind).
8. If you can do more in-kind than required, we encourage you to do so. It will help other centers who may not meet their match.
9. Cost that you claim as in-kind must be paid in full.
10. If you have board meetings or volunteers, please use our volunteer sheet to record their hours.
11. Please be aware that Wilson County Partnership for Children will be penalized if the program match is not met. That penalty will not allow us to apply for additional funding. If we continue to fail to meet the match, our funding can be reduced which would affect your funding.
12. A program planning budget is attached and will be sent electronically. On this planning budget, please list the total Smart Start monies you receive from us, any state money you receive (NC Pre-K is considered State money), and grants.
